

Great Bedwyn Footpaths Group Walk – 20th March 2016.

To Chisbury wood and Horse Copse, back down to Shawgrove.

15 walkers. We noted that there was no sign where footpath GBED27 meets LBED11 at the edge of the wood. (a sign was erected and the path cleared through the woods by the group in 2017). The group didn't continue along LBED11 because of the excitable horses in the field. Instead we took a route along forestry tracks to meet the road at the top of Forest Hill, where we crossed and returned to the village at Shawgrove.
