

May 2015 – From the Cross Keys, 4 miles. Est 15 walkers

Sunday 17th May. Crofton Farm, Bloxham, Hatchet Lane

We headed west along Church St to the end of the village to join the towpath along as far as Crofton Farm. Crossing the railway we headed up the road beside the farm, eventually turning right to join path No 45 which goes along behind Bloxham Lodge and joins Hatchet Lane – bridleway No 14. We returned down Hatchet Lane pausing to admire the clearance work done by the April working party, noting areas at the top end which still need attention. Our return to the Cross Keys was back along the road.

Things to note:

Pedestrian railway crossing: Please cross with extreme care
