

Nov 2015 Brail Farm and the Brails

Great Bedwyn Footpath Group Walk – Sunday 22nd November 2015,

From The Cross Keys. 3.8 miles

Approx 10 walkers

From the pub we walked over the bridges to the towpath, through the field to Brail Farm. We entered Bedwyn Brail above Brail Farm and at Castle Copse turned right along to the view point (where we saw the 2 sculptures under construction at the time). Then it was downhill to the road crossing and uphill into Wilton Brail. We exited the Wilton Brail at the bridleway leading down to the towpath and turned right to head back as far as Church Lock where we left the towpath to go past the church to the village and the start.
