

Nov 2016 Heron's Point, Monk's Lane

Bedwyn Footpaths Group Monthly Walk – Sunday 20<sup>th</sup> November

Approx 12 walkers met at Upper Horsehall Hill Farm (we parked here on private property by kind permission of the owner, no public parking available)

This month we walked through a tranquil isolated valley with open views near Chisbury. Our route took us from Upper Horsehall Hill Farm, through Heron's Point wood, the bridleway, Monk's Lane, heading north. Sadly this path comes to an abrupt halt at the A4 so we retraced our footsteps, then picked up a different footpath along the other side of Heron's Point wood to return to Horsehall.

There are 3 stiles along the route and the surface on the short walk through the woods is littered with branch debris, but from the wood onto wide grassy field edge paths and it's easy walking for the rest route.

*No map available for this route – contact for details*
