

**Sunday 14<sup>th</sup> Oct from Village Square. 4 miles**

This Bedwyn circular route was previously walked 18 months ago and the intention was to use the October walk to trial the route ahead of the publication of our walk leaflet. In the event this walk was rained off and took place in November 2018. See Self-guided walk leaflet No 2 to download full description of the route.

The route never strays far from the village and conveniently finishes close to the pub! It's 4 mile walk, completely encircling Great Bedwyn while never being more than half a mile from the centre, so if you are not able to do the whole 4 miles, there is the opportunity to dip in or out of the walk as you wish. There's a great variety of countryside on this autumn walk – water meadows, tree-lined sunken paths, village views, and the river and canal to enjoy
